

JANN NICOLE C. SAN JOSE

Bacoor City, Cavite | +63 908 286 1591 | jannnicole.c.sanjose@gmail.com | linkedin.com/in/jann-nicole-san-jose/

OBJECTIVE

Resourceful and detail-oriented developer with experience in Python and Java, plus foundational PHP knowledge. Skilled in responsive UI design, database management, and resolving web application issues. Driven by a strong work ethic, adaptability, and a passion for continuous learning, contributing to collaborative projects that prioritize functionality and user experience.

KEY SKILLS

- Front-end fundamentals (HTML, CSS, JavaScript)
 - Foundational Skills in Python, Java, & PHP
 - Basic database management (MySQL & Firebase)
 - Version control and collaboration (Git & Bitbucket)
 - Core Knowledge in Computer Programming
- Quality Assurance (Jira & Playwright)
 - End to End Testing / Automated Testing
 - Team Work & Collaboration
 - Self Management
 - Flexible and Adaptive

WORK EXPERIENCE

IT Department Intern (Web Development & Multimedia)

P.C.M COSMETIC PRODUCTS TRADING | Dasmariñas Cavite (Onsite) - 2025

- Designed and engineered responsive web applications utilizing modern front-end tech stacks, implementing clean user interfaces with an emphasis on optimal user experience.
- Engineered and managed relational databases using MySQL, optimizing data schemas, writing efficient queries, and ensuring secure and reliable backend connectivity.
- Created and integrated dynamic multimedia assets and digital design elements, aligning web features with brand identity and core business requirements.
- Collaborated with cross-functional team members to troubleshoot backend logic, optimize website performance, and streamline digital asset management.

Dev Department Intern (Quality Assurance)

FILPASS (BEFIED GROUP COMPANY) | Singapore (Work From Home) - 2026

- Architected and executed comprehensive manual and automated test suites to validate system migrations and core application workflows, ensuring high-quality software deployment.
- Developed and optimized automated end-to-end web testing scripts using Playwright, significantly reducing regression testing cycles and improving bug detection efficiency.
- Logged, tracked, and managed detailed bug reports for critical system components, collaborating directly with development leads and supervisors to ensure rapid issue resolution.

EDUCATION

De La Salle University - Dasmariñas | 2022 - 2026

Bachelor of Science in Computer Science

ACHIEVEMENTS

Student Financial Aid Grant Scholarship De La Salle University - Dasmariñas School Year 2022-2026	Academic Scholarship De La Salle University - Dasmariñas School Year 2026
--	--

PROJECTS

- **KAWAY:** ASL Fingerspelling Recognition App (HTML, CSS, JS, Python, ML)
- **Ping Pong Game:** Interactive gameplay using Python and Pygame
- **Regular Expression Converter:** DFA visualizer built with HTML, CSS, JS, Python, and Cytoscape
- **MATAMUSEO:** Mobile tour assistant (Dart, Python, OpenCV) with real-time relic detection

CERTIFICATES

- **Introduction to Cyber Security** - Cisco Networking Academy (2022)
- **Python Project Development, Python Matplotlib, Programming Essentials** - MyGreatLearning (2024)
- **Operating System Basics** - Cisco Networking Academy (2026)
